Our Genesis:

Our journey of thousand smiles
began with a little step.

The Zulekha Healthcare Group found its roots in the year 1961 when our founder Dr. Zulekha Daud arrived in Sharjah. From a young Medical Graduate to practising Physician serving patients from all walks of life, she soon became a household name. After years of dedicated service, the year

1992 saw the establishment of Zulekha Hospital in Sharjah. It started off as a 30 bed set up with basic facilities for Gynaecology, Obstetrics, Surgery, Medicine and Paediatrics. Today the Zulekha Healthcare Group has expanded and includes two hospitals, 4 Medical Centres and

3 Pharmacies. We provide specialized treatment in over 25 disciplines ranging from Gynaecology to Interventional Cardiology. From a humble beginning to what we are today, it has been a journey of commitment and dedication and as we look ahead, we carry on with the same spirit.

Our Mission

To provide easy accessibility to high quality health care.

Accreditations

Zulekha Hospitals achieve JCI (USA) standardization for high quality Health Services

Zulekha Hospital, Dubai and Sharjah were accorded Accreditation for our high quality health services from Joint Commission International (JCI), USA. In doing so, it became the first group in UAE to get both their facilities accredited by this standardization authority. JCI is the largest accreditation body in United States of America established to ensure standardized processes and practices in all settings of a healthcare organization.

The stringent processes and procedures of JCI ensure total quality service, total safety for patients and human capital.

The Zulekha hospital at Sharjah is also the first facility to be awarded JCI quality accreditation in Northern Emirates and lays a milestone for other healthcare providers in the region to emulate.

Dubai Quality Award – 2011

Zulekha Hospital, is also the proud recipient of Dubai Quality Award – 2011. The Award was introduced as a means of improving the standards of businesses operating in Dubai, thus boosting external and internal trade.

The Award is presented to those companies that have demonstrated a commitment to best practices in their respective fields.

CAP Laboratory Accreditation Program

Zulekha Hospital– Laboratory services were awarded CAP accreditation and to become part of an exclusive group of more than 7,000 laboratories worldwide that have met the highest standards of excellence.
